

The Re-rooted Project

Rooted in Nature CIC offer outdoor activities for 8 years plus to experience adventure, discover the natural world and have fun!

Our sessions include making, looking, finding, exploring, feeling, listening, learning and more! Join us to discover a new adventure outdoors as we follow our Qualified Leaders to explore Norfolk...

FOREST SCHOOL involves the combination of a gentle, supportive learning environment with natural and inspiring surroundings. Following the principles of Forest School including promoting the holistic development of all those involved, fostering resilient, confident, independent and creative learners. Our careful development of opportunities for challenge and self-exploration make our adventures an ideal springboard for young people to learn about themselves, other people and the world they live in.

**Week days (term-time)
10.00am - 3.00pm
at RiN HQ
(meet at North Walsham
Rugby Club, Scottow)
